Your LTL Temperature Controlled Specialist

## Weather Service Alert

### Service Interruptions:

Storm Oliver continues to bring snow and ice to the Plains, Midwest, and West. Ice threatens travel from Abilene to St Louis and across to New York.

For more information about [Winter Storm Oliver](http://www.weather.com) visit [www.weather.com](http://www.weather.com).

Our priority is the safety and well being of our employees. Truck drivers are very likely to experience extremely hazardous road conditions in these regions as they travel to their final destination. It is very possible that service can be delayed due to hazardous weather conditions.

Weather advisories can be found at the [National Weather Service](http://www.weather.com) website.

Track your shipment at [www.ffeinc.com](http://www.ffeinc.com) for shipment status or contact your local service center. You may also sign up for auto email alerts on our website to receive notification of delays for your shipment via email.

We have dedicated teams consistently evaluating current conditions and storm progressions. **We will continue to provide updates and communicate those delays to our customers.**
