

# Service Alert April 13, 2018

## FROZEN FOOD EXPRESS

Your LTL Temperature Controlled Specialist

### Service Interruptions Expected in the Midwest

Current Winter Watches, Warnings and Advisories  
From the National Weather Service.

Ice Accumulation Potential  
Areas in purple are most likely to see accumulations from freezing rain, while at least some ice, for a period of time, is possible in the pink areas.

Winter Storm Xanto is expected to cause delays in our linehaul in the Midwest region over the weekend. These linehaul delays may have an effect on our service in to next week.

For more information on today's weather and how it is impacting the Midwest, visit [weather.com](http://weather.com). Weather advisories can be found at the [National Weather Service](http://National Weather Service) website.

Track your shipment at [www.ffeinc.com](http://www.ffeinc.com) for shipment status or contact your local service center. You may also sign up for auto email alerts on our website to receive notification of delays for your shipment via email.

We have dedicated teams consistently evaluating current conditions and storm progressions. **We will continue to provide updates and communication of those delays to our customers.**
