

# Green Initiatives

- ✓ Currently every truck in FFE Transportation Services' fleet is EPA 2004 Engine or newer. Constant upgrades are made to replace with environmentally friendly models that have:
  - Fuel Efficient Tires
  - Aerodynamic Styling
  - Skirts
- ✓ Environmentally Friendly Refrigerant used in temperature controlled trailers
- ✓ Every truck in our fleet is Ultra Low Sulfur Diesel (ULSD)
- ✓ FFE's fleet is required to maintain a speed below 62mph
- ✓ Fuel Optimizer Program to reduce out of route miles
- ✓ Idle management device on every truck
- ✓ Recycle used oil and other by-products

**SmartWay<sup>SM</sup> Transport is an innovative collaboration between EPA and the freight sector designed to improve energy efficiency, reduce greenhouse gas and air pollutant emissions, and improve energy security.**

SmartWay Transport Partner since the program's inception in 2004

All divisions of FFE Transportation Services received the highest SmartWay Performance Score of 1.25
